

# Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

## Safe and Inclusive School Plan

### Ensuring Positive Learning Environments

This year we are focusing on fostering inclusion and respect for the diverse experiences and perspectives within our school community.

We are doing this to create a welcoming school environment that allows all of our students to feel that their voice is heard, and where all students can feel safe, respected and valued.

#### Throughout the year, we will be:

1. Ensuring that our school events and activities are inclusive and reflect the diversity of our students and families.
2. Creating student-led schoolwide initiatives that honour and recognize student voice (daily video announcements, recognition assemblies, etc.)
3. Continuing to learn as a staff, through CRRP and other similar professional learning, to ensure we are modelling inclusive practices every day.
